

MES, COMBAT LIFESAVER-2009

UA 245B, NSN 6545-01-572-9963

Product Description

This set contains the medical supplies to provide immediate life saving care to casualties.

The MES contains the consumable material to provide initial treatment for one severely wounded casualty. The preventable causes of death in ground combat are; hemorrhage primarily from extremity wounds, penetrating torso injuries, the development of a tension pneumothorax; and airway compromise primarily from facial injuries.

The set contains the medical materiel required for initial treatment of a wide range of battle injuries such as hemorrhage control, airway management, treatment of penetrating chest injuries and decompression of a tension pneumothorax, prevention of shock, and treatment of extremity injuries.

Basis of Issue: CTA 8-100; one per individual designated by unit commander as a qualified Combat Lifesaver.

Cost: \$557.00
Weight: 18lbs

Ordering Information

The CLS is available thru your normal chain or Installation Material Support Activity (IMSA)

COMPONENTS of MES 245B CLS

Component	Ui Qty	Material Description
6510-00-201-1755	EA 3	BANDAGE 37X37X52IN
